This book is a volume in the Practical Books series. It describes in detail the formal procedures normally adopted in committees. It is designed especially to explain to anyone not familiar with them – especially to newly-elected chairmen and members – the reasons for and the practice of these procedures.

Peter du Sautoy lived and worked for many years in Ghana, and was Director of the Department of Social Welfare and Community Development in Ghana from 1955 to 1960. He is at present working in the Adult Education Department of the University of Manchester.
