BOOK OF THE CAR

BOOK OF THE CAR

Published by Drive Publications Limited, for the Automobile Association, Feham House, Leicester Square, London, WC2

CONTENTS

EVOLUTION OF THE CAR

How designers and engineers over the years have evolved the car of today

The pioneer years	8	The jetty age	18	From jet to Mini	20
Age of the Model T	12	Coping with the Stamp	18	Years of innovation	22
The quest for comfort	12	Post-war expansion	18	Towards tomorrow	24

TOOLS AND HOW TO USE THEM

Building up a tool kit and fitting out a garage workshop

Basic tool kits	28	Files and drills	31	Working under the car	37
Nuts, bolts, spacers	28	Measuring tools	34	Equipping a garage	38
Wrenches, screwdrivers	30	Electrical equipment	36	Design for large workbench	40
Hammers, pliers, hammers	32	Tools for tyres	36	Design for small workbench	42

HOW A CAR WORKS

A step-by-step description of the mechanics and controls of a car

Main parts of a car	44	Exhaust system	88	Suspensions	142
Engine	48	Clutch, gearbox, fuel drive	100	Steering	150
Fuel system	66	Brakes	120	Electrical equipment, wiring	168
Ignition, cooling, lubrication	82	Wheels, tyres	132	Bodywork construction	188

FAULTS AND MAINTENANCE

How to trace and correct mechanical and electrical faults, and tackle routine servicing

Fault finding charts	178	Transmission maintenance	126	Repairing rust damage	262
Engine maintenance	196	Adjusting brakes	128	Minor panel-beating	268
Tuning carburetors	204	Changing wheels	135	Replacing door locks	270
Checking ignition	210	Identifying tyre faults	136	Adjusting headlights	274
Replacing spark plugs	218	Checking suspension	138	Replacing exhaust fittings	279
Removing a radiator	220	Checking steering	140	Fitting sound insulation	280
Changing engine oil	224	Cleaning the starter motor	241	MoT test	284

ACCESSORIES FOR THE CAR

What to choose and how to fit it, techniques to improve the car's performance

Accessories	256	Tuning, towing	308	Auxiliary instruments	320
Security devices	288	Emergency equipment	311	Conversions	322
Wider driving	302	Improving an old car	318	Repos	328

THE COST OF MOTORING

How to buy and sell a car and get the most from your motoring budget

Buying and selling:		Guarantees	343	Dealing with a garage	368
A used car	334	Cost of running a car	345	ABC of car law	390
A new car	360	Insurance, cost and claims	347	Essential documents	366

FITNESS TO DRIVE

The importance of being healthy and alert at the wheel

Road safety and health	368	Vision, car sickness	378	First Aid kit for the car	382
Driving in comfort	370	Drugs and driving	378	First Aid kit for the garage	383
Avoiding fatigue	374	First Aid for the motorist	380	Travelling with pets	384

BETTER DRIVING

Ways of improving your driving technique and dealing with emergencies

Moving off, clutch control	386	Three-point turn	395	Driving in fog	406
Changing gear	387	Turning at junctions	394	Snow and ice	408
Braking and stopping	388	Roundabouts	398	Skidding	410
Road observation	390	Cornering	400	Motorway driving	412
Parking	392	Overtaking	402	Emergencies	414
Reversing	394	Driving in the wet	404	Safety, night driving	416

Glossary of car terms	417	Index	437
