HOME ELECTRICS

A. T. COLLINS

Managing Editor of Practical Householder Magazine

NEWNES : LONDON

HOME ELECTRICS....

lets you in to all aspects of this important subject for the modern householder. Expert information is given in a simple, clear-cut fashion so that even the novice has a complete picture of what to do and how-to-do-it. The chapters on immersion heaters and heating alone can save you the modest cost of this book in a week by making sure your installation is operating at full efficiency.
