The most famous biography in the world

The Life of Dr Johnson

JAMES BOSWELL

The great *Life of Samuel Johnson* has always been a firm Everyman favourite but opportunity was taken to include a fresh introduction from the Johnson authority, Sir Sydney Roberts, M.A., LL.D., when it was reissued in Everyman's Library in 1949. This introduction records the remarkable discoveries in recent years of those Boswell papers which for long had been thought to have been destroyed. This series of finds has greatly expanded our knowledge of Boswell, who now stands more fully revealed than any other figure in English literary history.

The text used in this Everyman edition is that of the reliable Malone sixth edition, and it is here offered in a reasonably priced form, unabridged. Alan Dent has compiled a unique and comprehensive index.
