# Justine

at the same time one of the most famous—and famous—novels ever written. Famous for the excellence of its literary quality and infamous for its content. JUSTINE reflects a significant and, at times, dominant aspect of the psychological and erotic life of Western civilization. Abhorrent to some, fascinating to others, of permanent value to all concerned with the nature of passion, of sin and pleasure, JUSTINE sheds light on the dark places of the human soul.

CHALLENGING BOOK, A STIMULATING AND MIND-PRODDING BOOK, AND ALSO A FRIGHTENING BOOK. NO ONE WHO HAS READ IT IS QUITE THE SAME AGAIN, FOR, LIKE ALL GREAT LITERATURE, JUSTINE BECOMES PART OF THE READER'S EXPERIENCE."

L. T. Woodward, M.D.,
