ENDURING PASSION

THE CONTINUATION OF 'MARRIED LOVE'

Enduring Passion gives illuminating attention to the problems of later married life. It should be read by all those anxious to preserve the quality and permanence of love in marriage, and who wish to defeat that tendency to exhaustion and boredom which are supposed to overtake those united in wedlock. Countless expressions of gratitude received by Dr Stopes after the publication of *Married Love* made her realize that the later phases of marriage required a comparable handling.

MARRIED LOVE

26th Edition. Revised and brought up to date.
Over one million sold

Unlike many books about sex, *Married Love* deals primarily with the problems of normal, healthy people, and Dr Stopes' great strength is that, laying equal stress upon the physical facts of marriage and the idealism of love, she shows us how interdependent they are. By fully understanding both sides of our nature, we can lay the foundations of happy marriage.

BIRTH CONTROL TODAY

10th Edition. Revised and brought up to date

This fresh vigorous book should be read by every adult man and woman, who will rejoice at the explanation of many things which they may have found incomprehensible. Even experts will find much in its pages interesting, illuminating and useful.
