A book for anybody who wants to get one-up on his fellowman and stay there.

Here is a hilarious anthology of caustic comebacks, slaying sayings, and polite and not-so-polite putdowns. Read it for sheer fiendish fun or use it as a handy reference tool. It is an indispensable guide for speakers, writers, entertainers, or anyone who wants to deliver the perfect punch line.

The insults are arranged alphabetically according to their targets, making it easy for you to lay out Liars, harass Husbands, wither Wives, devastate Dumbbells, or snub Snobs.
