# ARCHAEOLOGY

Here is a spectacular and informative new guide to the fascinating world of archaeology.

Superb, full-colour photographs of houses, buildings, paintings, and pottery offer a unique 'eye-witness' view of the world's great civilizations.

## See

a loaf of bread prepared for 3,000 years • the first human skeleton ever discovered • a corroded cannon from a shipwreck • an iron age roundhouse • a reconstructed house made of gold, silver, and bronze

## Learn

about carbon dating • how to tell the difference between a fake and the real thing • why tombs were placed so • how ancient cities, buildings • the secrets behind scanning stones

## Discover

when the world's first iron bridge was built • the importance of shell middens • how a dig is organized • a 'ghost ship' trapped within the soil • how major excavations are carried out

and much, much more
