'I' without 'i'

I am born only for God. My songs, poems and books prove this. I did not know why I had been always expressing my feelings in my writings. Swami told me that it is for the Avataraic task. This is why my autobiography is different from all others. I have written over fifty books. All of them are my autobiography.

Who am I? I am 'I' without 'i' always guided by Bhagavan Sai Sathya Sai Baba. The 'I' of 'I' without 'i' is Swami. He is inside me, speaking with me and showing me the way. I do not know anything else. Only when He tells me, it is a spiritual experience. Only Swami. His Premia is manifesting in me.
