"I am realising through Preceptors, Scriptural authorities and above all through my own experience that Bhagawan Sri Sathya Sai Baba is God Incarnate and the Supreme Lord. He is the embodiment of Truth Eternal, the Transcendental Supreme Brahman, the Supreme Light, the Light of all Lights, the Lord of all."

I pray to this God of Truth to inspire and direct all our thoughts towards the performance of good deeds and activities. I meditate with all mental faculties on this embodiment of truth, the essence of all activities, and the all pervasive entity.
