Made for each other from Conee

W

here you will see the attention to manufacturing of high precision, accuracy, reliability and the ruggedness to ensure that at least 100, 1000 and 10,000 hours operation are possible. This is made possible by the combination of quality, design and technology. The overall government policy and the policy in producing these watches are also taken into account.

We have the best of both worlds reliability and accuracy and ruggedness for our products.
